

# CV - Sofia Ivarsson

## bio

Born in Falkenberg, Sweden, 1987. Living and working in Copenhagen.

## profile

Since graduating from Kolding School of Design in 2016, Sofia has been working as an artist and lighting designer making artworks and experiences that connect us to the world through physical investigations of time and space. With the ever-changing nature of light, she wishes to create art that can celebrate and criticise our designed surroundings and is accessible to all.
